Primary role	Apil Parajuli	Shaper
	Bibek Maharjan	Resource Investigator
	Pratish Joshi	Co-ordinator
	Abit Mahato	Monitor Evaluator
	Bibek Shah	Team Worker
Secondary role	Apil Parajuli	Implementer
	Bibek Maharjan	Plant
	Pratish Joshi	Specialist

	Abit Mahato	Complete Finisher
	Bibek Shah	Plant
Least likely role	Apil Parajuli	Monitor Evaluator
	Bibek Maharjan	Complete Finisher
	Pratish Joshi	Complete Finisher
	Abit Mahato	Specialist
	Bibek Shah	Co - Ordinator
Do you think the descriptions of these roles	Apil Parajuli	My key role in the team is Shaper who can work under pressure, imaginative, bring quick ideas and solve difficult problems when team members cannot. As I am looking after front-end development and documentaion I must

<p>are an accurate description of your behavior in teams? How do you see yourself differently?</p>		<p>be creative and imaginative. So, I think I fit in role of “Shaper”.</p> <p>I believe I can work great under pressure for front end problems</p>
	<p>Bibek Maharjan</p>	<p>My key role in the team is Resource Investigator who are innovative and curious. As I am creative person and love to explore many options, find ideas and develop as many as contact to help my team to meet our objectives. As I am looking after front end and backend process so for that I need to do a lot of research, explore many ideas that’s I think I fit in role of “Resource Investigator”.</p>
	<p>Pratish Joshi</p>	<p>Yes, the descriptions of these roles provided above are accurate. I will be guiding our team towards our primary objective and will be assigning tasks as per their strengths.</p> <p>I am different because I can make rational decisions based on logic. Furthermore, I can help my teammates focus onto our primary goal with a clear picture of what to do next.</p>

	Abit Mahato	<p>My Primary role in the team is as Monitor Evaluator who can analyse problems,can give logical ideas and suggestions to enhance the project,can make better judgements when required.So, I think the descriptions of these roles are an accurate description of my behaviour in my team.</p> <p>I see myself differently as I have best co-ordination with my team members and can give more ideas</p>
	Bibek Shah	<p>Yes,the description of the roles is accurate as I will guide the team in what they excel to reach our ojective in a smoother way.I see myself differently as I will check the task daily and recognize the value of each team member to bring on the table.</p>
Are there roles identified by Belbin that you might like to develop in yourself more? Which ones and why?	Apil Parajuli	<p>Yes, I would like improve as Monitor Evaluator as I believe it provides logical eye for making certain unbiased decisions and help in further team improvement and project.</p>

	Bibek Maharjan	Yes, I would like improve as complete finisher as they ensure that there have been no any errors in the project plus they pay attention to the smallest details. They are all-rounder in project can work in any fields and help their teammates to accomplish the task and make sure that job is completed on given time.
	Pratish Joshi	Yes, I would like to improve as a Co-Ordinator as I believe a good leader is someone that can bring out the best within their teammates while having a plan to achieve the goal
	Abit Mahato	Yes I would like to develop the role of Resource investigator in my self because it will help me to explore varities of resources for the project and I can come up with best resources and ideas for project development.

	Bibek Shah	I like to improve on the specialist. It not only makes me better but also my level of confidence increases by helping the team in checking the team work and helping in documentation.
What possible situations in the coming months can you identify where you could work on developing these skills?	Apil Parajuli	I believe I got a good amount of experience working as the “Shaper” Role. I believe I can enrich my skills more on working on tough time and conditions and provide a helping hand to my team.
	Bibek Maharjan	I believed that I have received a good amount of working experience as a “Resource Investigator”. I believe that I can enrich my skills more by finding necessary information required for a decision and being very good at networking with other teams from which I can help my teammates.
	Pratish Joshi	I believe I received a good amount of experience working as the “Co-Ordinator”. I believe I can enrich my skills more by having a steady and planned approach towards our project with the help of my teammates.

	Abit Mahato	This is a group project so, we will be sharing our ideas, problems and solutions to each other which will help me to know learn more and execute my role in team in better way and also getting ideas about how to perform other roles to from my teammates.
	Bibek Shah	Since, there will be meetings of each member and listening to problems and creating solutions will gradually build my skills on specialist and complete finisher.
Considering your team working, how do you think you could improve your effectiveness in group work and in contributing to the success of teams that you work in?	Apil Parajuli	As I am a good team player I can easily get well with my team and have capacity to maintain professional work environment for the team. As being front-end developer of the team, I can show my versatility on making unique UIs and pages which will contribute my team further for the successful completion of the project.

	Bibek Maharjan	As I am a good team player I can easily get well with my team and I also have a professional working behaviour with my team mates. As I am working on front end and backend part of the project, I will try my best to help my team mates to solve the any problems regarding the project.
	Pratish Joshi	As I am a good team player and a good communicator, I can easily get along with my team. I also have a tendency to maintain professional work environment for the team. As I am handling both the front-end and the back-end, I can consistently help my team with their problems regarding the project as well as do my part of the work at the same time for our teams' success.
	Abit Mahato	I can improve my effectiveness in group work by completing the tasks on time and sharing and learning ideas from my teammates along with helping my teammates and asking them into help me too when required.

	Bibek Shah	I can improve my effectiveness in group work by completing the tasks on time and improving the time management day by day .listening the problems of team member and working on them. I guess with these qualities there will success in our team work.
Are the results of this inventory consistent with how you worked in the Foundation Project in your small groups for and discussions and presentations?	Apil Parajuli	I believe every work should be done with full commitment, passion, dedication and should be completed in the given time condition.
	Bibek Maharjan	I believe that everyone works with the full commitment, passion, dedication and should complete the given task at the given deadline.
	Pratish Joshi	I believe every one should work with full commitment, passion and dedication. With these, it is certain that the project will be a success, given the time condition.

	Abit Mahato	<p>No, the results were not good and excepted</p> <p>In the foundation project in our small groups for discussions and presentations. So more hard work and team co-ordinations is required for the project.</p>
	Bibek Shah	No, the results were not good and excepted. a lot of hard work is needed in the project to make it better than before.
How well do you contribute to group presentations?	Apil Parajuli	I want to give my full dedication, contribution and make the presentation worth appreciation.
	Bibek Maharjan	I will give my best contribution towards the group presentation and will make sure that my presentation will be worth appreciation.
	Pratish Joshi	I will be giving my best towards the group presentations. Furthermore, I will also be helping my team members so that the presentation will be a success.

	Abit Mahato	I want to be more confident for the presentation and give ideas to make the presentation clean, knowledgeable and to finish presenting on the given time period.
	Bibek Shah	I want to make sure that things are unique and well designed. Also, I will look forward to improve my presentation skills.
